

New President Steers SSC

Change is always in evidence at the start of each college year. But the beginning of 1980-81 has to be SSC's greatest year of modifications and adjustments—both physical and administrative.

Dr. Thomas E. Bellavance, arriving on the scene July 1, is in himself the greatest administrative change. In an advance press conference held at the college in May, he spelled out his philosophy which is now being implemented.

At that time Dr. Bellavance said that faculty must be committed to "the education of the whole person within the context of a value oriented curriculum and to reassert that education is not merely training in a specialty but a matter of nurturing individuals to be civil, articulate and productive members of society."

He continued: "As this college's next president mine must be the responsibility of insisting on a clarity of purpose and direction and communicating that to the various constituencies of the college; of requiring a fiscally responsible expenditure of funds among all departments and programs; of assuring that students are provided with an embleme conducive to learning and, above all, of insuring that rigor and quality characterize the various academic programs."

Rights and Privacy Act

SSC will assume the right, under the provisions of the Family Educational Rights and Privacy Act, to provide student directory information without prior consent of the student. Directory information is defined as a student's name, local address (if listed), date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of an athletic team member, dates of attendance, degrees and awards received, most recent previous educational agency or institution attended, listing of officers of student organizations (including names and addresses).

In the event a student wants more than directory information released, please notify the Office of Student Life, extension 231, 232, or stop by 155 Holloway Hall.

Alcohol Policy Revised

A new alcohol policy has been revised through the group efforts of an ad-hoc committee chaired by Dave Ganoie. In addition to the committee, representatives from student organizations and the administration participated in the formation of the policy. Details are included in a pamphlet now in distribution in residence halls and the College Center.

Car Registrations A Must

The *Newsletter* reminds you that if you haven't picked up your parking decal, it is necessary for you to register your car with the new Department of Public Safety at the back of Holloway Hall.

The charge for registering your car and receiving a decal is \$5.00 for the entire college year.

New Tile Ceiling

A new acoustical tile ceiling will soon be completed in the College Center for the bookstore, snack bar and lounge.

According to Dave Ganoie, center director, the installation will not only be desirable as a sound control but will be helpful in energy conservation.

New Organization Set

One of the first functions of the new president, Dr. Thomas E. Bellavance, was to announce a new administrative organization.

Two main branches report to the president, Dr. A. Nayland Page has been made vice president of academic affairs and he has three reporting groups: 1) the associate dean and director of admission, 2) the associate dean, and 3) the department chairmen.

Joseph Gilbert has been named vice president of administration with three groups reporting. 1) the director of administrative services, dean of students and director of business and finance.

Three other groups are responsible directly to the president. They are institutional research and affirmative action, handled by Linda Ross; computer resources, directed by Ray Shingler; and public relations, directed by L. Wayne Fox.

Mr. P. Minton has been made associate dean and director of admissions. His responsibilities include: graduate studies, continuing education, financial aid, placement veteran's affairs and counseling.

Dr. David L. Parker has been named acting associate dean and has the following responsibilities: registrar, library, instructional resources, developmental studies, honors program and special projects.

The department chairmen are responsible for the faculty members in their respective departments. Their functions include: teaching, advisory, retention, college and department committees, program development, professional development and research.

Richard Yobst has been named director of administrative services. Reporting to him are personnel, security, plant operations, work experience, housing, food services, program 10 budget control and special projects.

Dr. Carol Williamson is the dean of students with responsibility of counseling, student organizations, athletics and intramurals, health center, college center, campus conference, bookstore, and judiciary system.

The director of business and finance is responsible for budgets, accounting, purchasing, construction and development.

Home Football Games Moved

Problems have developed over the summer with the spectator stands at the new football field in the Athletic Fields area. Shifty sands have made the stands unsafe and it will be necessary to install a new foundation.

As a result all five home football games will be moved to other locations. The Glassboro game on September 13, Catholic game on October 4 and Trenton game on October 18 will return to Wicomico Stadium at 1:30 p.m. The Homecoming game on November 1 will also be played at Wicomico Stadium, but at 7:30 p.m. The Kean game on October 25 will be played at Cambridge Stadium at 1:30 p.m.

Insurance Notice

An accident and sickness insurance plan is available to all SSC students at a cost of \$69.00 for coverage from now through August 15, 1981. Brochures and enrollment cards are available in the Office of Student Life, room 155, Holloway Hall, or in the Health Center.

Academic Dean's Roundup

The National Science Foundation of the United States, Washington, D.C. and The National Center for Scientific Research of France are announcing their 1981-82 program for United States-France Exchange of Scientists. Competition will be open from September 1 to November 1, 1980 with announcements of awards being made by March 1981. Additional information is available in the Academic Dean's Office.

The National Endowment for the Humanities announces Summer 1981 Stipends. Applicants must be nominated by their employing institutions, which may nominate only three summer stipend applicants. Application forms and more detailed information are on file in the Academic Dean's Office.

The Academic Dean's Office maintains a file on houses and apartments for rent and sale that are available in this area. Anyone interested in securing housing may stop by this office and take a look at the file.

The campus has been saddened by the untimely death of Dr. Leland Starnes, longtime director of the Salisbury State Theatre.

Mandatory Food Plans Set

The Food Service Department has instituted a number of changes in the distribution process. Certainly most important is installation of mandatory meal plans for all resident students. All students must take either the 15 or 19-meal plan.

All resident students have the option of eating in either the dining hall or snack bar. New computerized cards will make this feature possible.

Hours for the dining hall Monday to Friday (subject to change) are: breakfast - 7 to 8:45 a.m., lunch - 11:30 a.m. to 1:15 p.m., and dinner 5 to 6:30 p.m. Saturday and Sunday hours are: brunch - 11 a.m. to 12:30 p.m., and dinner 5 to 6 p.m.

Post Office Moved

The Maintenance Department has moved to its new building at the south end of the campus off Dogwood drive. The Post Office is located in this installation.

Pending projects for the Maintenance Department are conversion of signs on campus from jersey cream to white and installation of smoke detectors in all dorm sleeping rooms.

Go Gulls!

Social Work Workshop

The first Fall Field Instruction Workshop for Social Work will be held on Thursday, September 4 at 1:15 p.m. in the Salisbury Room of the Ruth Powell Dining Hall.

Some 50 senior social work students will meet with adjunct faculty representing 25 agencies and programs in Maryland, Delaware and Virginia. The field practicum in social work represents a total of 11,250 voluntary hours provided by social work majors for the fall 1980 semester.

New Mall Well Underway

Soon after the spring semester ended, bulldozers and heavy construction equipment moved in to start a new \$1-million mall development project in the heart of SSC's campus.

The improvement project is not funded through the college's current operating budget. Hard for many to understand because of SSC's recent financial problems, the capital budget and the \$1-million expenditure is a direct funding by the state to meet long-range plans for Salisbury State renovation and improvement.

The mall project requires fencing and the current phase is not expected to be completed until about Thanksgiving. Another phase of the project will follow.

All using the campus are strongly advised for their own safety not to pass through any gate openings or to climb over the fences.

The mall improvement is designed to beautify the campus as well as to tie together the various segments. It will include new walkways, a brick patio and almost 1,000 new trees and shrubs.

Five Enter Grad. School

Six students from the department of Geography and Regional Planning have been accepted to graduate schools this fall and will be pursuing masters degrees. They are: Beth C. Bosserman, University of Michigan, Urban Planning; Kathleen A. Bounds, Texas A & M University, Geography; Robert A. Davis, University of Mississippi, Urban/Regional Planning; Deborah A. Decker, University of Tennessee, Regional Planning; Virginia S. Bromley Gibbons, University of Maryland, Geography; and Michael P. Siedel, The Pennsylvania State University, Meteorology.

Caution On Copyright Law

All persons on the SSC campus should be aware of the Copyright Act of 1976. A case now in litigation should be noted, according to Dr. A. Nayland Page, academic dean, Longwood College in Farmville, VA has been charged by three music publishers with violating the Copyright Act of 1976. The publishers allege that the college and a music teacher there illegally reproduced copyrighted music, distributed the copies to students, and had the works performed.

The case has been filed in U.S. District Court for the Eastern District of Virginia. It is the second major publisher-instigated lawsuit under the new copyright law. The first involved seven publishers who sued a copying firm for illegally reproducing copyrighted material for classroom use (see May *Business Officer*, page 4).

Leonard Feist, president of the National Music Publishers Association, stated, "In general, there is some latitude provided in the law for educational purposes. It is generally known by the designation 'fair use.' There are very clear and definite limits to what any educator or anyone else may do with a copyrighted property. Going beyond those uses constitutes a copyright infringement."

The "fair use" concept that is contained in the copyright act was left vague by the Congress and has never been specifically defined in a legally binding manner. (*NACUBO*, August 1980, p.5)

If anyone has any questions concerning what constitutes "fair use," see Jim Thrash, director of Blackwell Library.

Panhellenic Tea Set

It's not too late to sign up for Panhellenic Rush! There will be an Information Tea in the Social Room of Holloway Hall at 9:30 p.m. on September 9. All who are interested are invited.

Being in a sorority brings many opportunities to a woman to experience personal growth. Her interaction with the sorority members can develop an understanding and tolerance of people similar to herself, and especially of those different from herself. Being in a sorority is a living and learning experience that adds tremendously to one's life. One learns that life in a sorority, and life in general, is based on giving and taking, and the more one gives the more one receives in return.

Sororities work within the college framework, encouraging and supporting academic and cultural growth. They strive to provide an atmosphere wherein scholastic potential is furthered and intellectual ideas are exchanged.

Through the friendship and sisterhood of sorority membership, college can indeed mean so much more.

SSC Panhellenic Association members include the following chapters: Alpha Sigma Tau and Zeta Tau Alpha.

College Center Notes

The College Center is pleased to announce a major change in operation of the Information Desk located in the main lounge. Since September 1, the desk has dropped the sale of retail items (candy and cigarettes) to focus its efforts on providing expanded campus information and services to the college community.

The decision to drop retail sales was made so as to eliminate duplicate functions handled by other service areas within the College Center complex. (The Book Rack presently handles cigarettes and has recently expanded its line of snack foods.) Cigarette machines will be placed in the building so as to accommodate evening students. The Snack Bar, as in the past, will be open seven days a week.

Information services presently available to students via the desk include academic information, program and campus activities, travel resources, community information and student services information. Students with specific questions will be directed to appropriate departments on campus.

The desk will continue to handle ticket sales and trip sign-up, Monday through Friday, 10 a.m. to 6 p.m. On evenings and weekends, the desk will be staffed to provide change, games/magazine check-out and campus information.

All check-out items and tickets will require a current, validated SSC student I.D. Desk services carried over from the past include: daily events posting, current ticket schedule listing, information racks, telephone directories, postal drop for out-going mail, stamp machine, campus telephone extension and *Flyer* distribution.

Student organizations and departments who desire to distribute information of general campus interest are encouraged to contact the main desk coordinator, Tyrone Chase, 10 a.m. to 6 p.m., Monday through Friday for additional details.

Continuing Education Programs in Nursing

SSC plans a series of non-credit continuing education programs in nursing during the fall semester.

The first in the series was held Saturday, September 6, according to Dara Hanna, coordinator. The workshop, entitled "The Nursing Process," was conducted by Dr. Helen Yura, a nationally recognized nursing educator.

Other programs will include: "Increasing Personal Satisfaction in the Work Setting," "Strategies for Nursing Educators," "Health Assessment of Children," "Innovative Approaches in Care of the Long Term Patient," and "Issues in Community Health Nursing."

For further information or registration materials contact Dara Hanna, coordinator of continuing education in nursing, or contact Salisbury State College's Office of Continuing Education.

Faculty Note

Various items were left at the president's Welcome Back Party for Faculty and Administrative Staff on Friday evening, August 29. Included are matching steak knives, one crab mallet and assorted knives. These items may be picked up in the President's Office.

Dr. Bellavance On Program

The Fall Convocation will be held Tuesday, September 16 in Holloway Hall Auditorium at 3:30 p.m. Faculty members are requested to assemble in their academic regalia in the Holloway Hall Social Room at 3:15 p.m.

Dr. Thomas E. Bellavance will deliver the Convocation address.

Previously some Health Center services were available as a courtesy to faculty and staff. These services are now limited to blood pressure and weight checks, emergency first aid, influenza immunizations (\$2.50 fee), tuberculosis screening and announced health education/screening projects.

The Health Center will not supply individual academic and administrative offices with aspirin, Tylenol and first aid supplies.

Notes from the Academic Vice President

Some professors include in their written absence policy a statement that students must present a written excuse from the Health Center attesting to their illness. Other professors indicate they will need certification from the Office of the Dean of Students that the absence is officially "excused."

Mrs. Cupp informs the Office of the Academic Vice President that the Health Center no longer issues excuses of any kind which relate to class attendance and has not issued them for several years.

Likewise, Dr. Carol Williamson indicates the Dean of Students' Office issues to faculty notifications of absence, not official excuses. The purposes of the notifications are (1) to provide a service to students and faculty when the student's absence prevents her/him from contacting individual faculty prior to the absence and (2) to provide information to Student Life staff for hospital visits, letters of condolence, and other appropriate contacts with the absent student.

Absences of any nature are matters to be worked out between the professor and the student. There is no office on campus permitted to grant "excused" absences.

All Elementary Education Majors

The Education Department is initiating a new advisement policy! Each student is required to meet with his or her assigned advisor each semester in order to maintain active status within our professional education program at SSC. This will provide increased opportunities for each advisee (student) to become fully aware of requirements and options within the program. A list of advisor/advisees is posted in Caruthers Hall on the bulletin boards outside the Education Department.

Of special concern to all of us this year is the change in the scheduling of the competency tests in reading, writing, and speech. These tests are prerequisites for entrance into the professional education program, and from now on will be given on specified dates during each semester. The schedule for competency testing for this semester will be available in advisors' offices.

The Education Department looks forward to sharing vital information about the professional education program with you as well as discussing the competency test schedule.

Vehicle Registration

Parking Rules and Regulations require all faculty, staff and students to register their cars, motorcycles, and mopeds that are parked on campus. Vehicle registration is held Monday - Friday, 9 a.m. to 3 p.m. at the Department of Public Safety, room 022, Holloway Hall.

Special registration periods for evening school students will be held September 15 through September 18 from 6 p.m. - 7:30 p.m. The registration will take place at Holloway Hall, room 022. Your vehicle registration card is required. The fee is \$5.00.

The 1936 Kaufman and Hart Pulitzer Prize winning comedy requires a cast of 16 zany characters. Members of this crazy group include a father who manufactures fire-crackers in the basement, an elderly grandfather who raises snakes, a Russian princess who waits tables at the Ritz, an alcoholic actress and a collection of others who offer a variety of good comic roles.

Auditions are open to the public and we cordially invite members of the community to join us. For further information, contact George Gray, director, at 546-3261, ext. 498.

Health Center News

Tuberculosis screening and blood pressure checks will be done in the Maintenance Building on Tuesday afternoon October 7 from 3 - 4 p.m. Nurses will come to the area by the time clock at the specified hour for these tests. There is no charge for these services.

Influenza vaccine is now available in the Health Center. This is a trivalent vaccine offering protection against strains A/Brazil, A/Bangkok and B/Singapore.

Vaccination is recommended for individuals with chronic health problems such as diabetes, or diseases of the heart, lungs or kidneys and also for older persons, especially those 65 years of age and over.

There will be a \$2.50 charge for the influenza injection this year. The increased charge is due to a marked increase in the cost of this year's vaccine.

The annual festival, which is held in a different part of the country each fall, featured such artists as Joseph Banowitz, Bradford Gowen, Thomas Schumacher, Konrad Wolff, Guy Wuellner and Luiz de Maura Castro. In keeping with Liszt's own ideals of universality and of commitment to multiple fields of activity, the lecture topics and compositions ranged across art, literature and music spanning three centuries.

Parliamentary Procedure

Mr. Robert is often maligned. Contrary to popular opinion, he never intended that a rigid adherence to rules should "cripple" meetings or prevent the free exchange of ideas. He had two principle concerns: He was concerned about good manners in debate. Rules are intended to protect the right of all parties to be heard, especially those who hold unpopular positions. He was concerned that business be conducted in a businesslike manner (goal-directed, no wasted time, etc.)

If you share these concerns and

It will be performed on stage in Holloway Hall Auditorium, November 6-8 and 13-15.

You Can't Take It With You is an evening with one of the most uninhibited families in or out of stage literature—the Sycamores. What happens in the madcap Sycamore household on the night the daughter of the clan tries to create a good impression on the stuffy parents of her fiancé provides one of the comic high spots in a comedy the N.Y. *Times* critic called, "an evening of tickling fun."

The production is under the direction of George Gray. Tickets are \$3.50 for the general public, \$2 for senior citizens and students and SSC students and faculty are admitted free. For reservations, please contact the box office, extension 498.

Theatre Presents Comedy

Tickets for *You Can't Take It With You* went on sale, Monday, October 27, at the theatre box office. The play—more frequently produced in theatres all over the U.S. than any other since it won the Pulitzer Prize in 1937—will be performed November 6-8 and 13-15 in Holloway Auditorium.

You Can't Take It With You is an evening with one of the most uninhibited families in or out of stage literature—the Sycamores. They and their zany family head, Grandpa Vanderhof, are completely irrepressible, as each goes his own way in the same household pursuing his own pet diversion. Ballet is studied in the parlor, plays are turned out on a typewriter delivered by mistake, revolutionary propaganda is distributed with homemade candy, fireworks are manufactured in the cellar, and, in the midst of all the pandemonium, Grandpa Vanderhof says, "Why not do what you want to do? . . . After all—you can't take it with you!"

Under the direction of George Gray, *You Can't Take It With You* features Matt Ball in the role of Grandpa Vanderhof; Susan Struve as Penelope, the accidental playwright; Jeff Jablow as Boris, the ballet teacher; and Amy Butler as Essie, equally inept at ballet and candy-making.

Admission is \$3.50 for the public and \$2.00 for students and senior citizens. SSC students and faculty are admitted free. For further information and reservations, please contact the box office, ext. 498.

Winter Term Announced

SSC announced last week that it will offer an experimental Winter Term beginning Monday, December 29 and running through Friday, January 30.

This Winter Term will enable undergraduate students at the college to accelerate their present academic degree programs and enable recent transfer students to the college to enroll in certain prerequisites which they need to take to successfully pursue their academic degree programs. New first time students may also enroll.

While this Winter Term is basically designed for SSC undergraduate students, it may enable students at sister colleges and universities throughout the state, who live in the Salisbury area and whose institutions have similar academic calendars, to also enroll in the courses which will be available during this Winter Term. These credits should be transferred to their institutions and it is suggested that they should check those credits with their schools.

Registration will begin Monday, November 10.

This program, is similar to a Summer Session, in that it must be self-supporting. The college reserves the right to cancel any class and to close any facility for which there is insufficient demand. Tuition and registration fees must be paid prior to, or no later than, Monday, December 15. Late registration and drop/add will take place Monday, December 29. Students may enroll for up to two 6 semester hours credit courses.

Recipes Wanted

Alpha Alpha Delta Chapter, Alpha Phi Omega wants your recipes!! APO is compiling a booklet of recipes for the holiday season. This will be available for students, faculty, and staff at the Thanksgiving reception on November 24. A box will be at the Information Desk to receive the recipes until November 15. Anyone may submit recipes. Please make sure you include your name and a phone number where you may be reached.

Hal Schaffer, director of continuing education, said that the Winter Term will be offered without causing the college to spend any extra funds for fuel and utilities. The classrooms/facilities will be in areas of the buildings on campus which will have to remain open. All other classrooms and buildings will be closed to conserve fuel and utilities. The only support service will be the Blackwell Library. There will be no housing, no food service, none of the usual student recreational or social activities.

He further states the Winter Term is academically sound. The classes offered must meet the required 2250 minutes. As a multi-purpose public institution, this is one of the many ways that the college, within its limitations, continues to serve the persons who live on the Delmarva Peninsula.

The following courses will be offered:

Art 104, The Art of Man, 3 S.H., Ehrhardt; Comm. Arts 100, Fundamentals of Speech, 3 S.H., Pfeiffer; English 101, Principles of Composition, 3 S.H., Calcott; English 322, Literature & Film, 3 S.H., Erskine; History 101, World Civilization, 3 S.H., Small; Math 380, Job Control Language, 1 S.H., Taylor; Modern Lang. 399, International Field Study-Spain, 3 S.H., Palmer; PoliSci 201, Government of the U.S., 3 S.H., Clark; Psychology 210, General Psychology, 3 S.H., Delaney; Sociology 300, Leisure in Society, 3 S.H., Bosserman.

SSC's Winter Term a Success

SSC has received 241 registrations for the new, unique Winter Term, scheduled during January.

Dr. Harold Schaffer, director of continuing education, was elated with the response for this special term from Eastern Shore registrants. "This program, believed to be the only formal term of its kind in the state of Maryland, seems to be growing in popularity," he said.

Eleven courses are being scheduled. They are: The Art of Man, Fundamentals of Speech, Principles of Composition, Literature & Film, World Civilizations, Job Control Language, International Field Studies—Spain, Government of the U.S., General Psychology, Abnormal Psychology, and Leisure in Society.

Dr. Schaffer noted that there is still time for late registration in Principles of Composition, World Civilization, Government of the U.S., General Psychology and Abnormal Psychology.

Dr. Schaffer indicated how important it is for SSC, as a state supported college, to meet the needs of the various publics of the Delmarva Peninsula without cost to any taxpayers. This program, which is similar to the summer session, must be completely self-supporting. The budget for the program is raised by the tuition and fees of the persons who are enrolled. He also wishes to thank all those persons who assisted in making this program successful.

For further information about the Winter Term call ext. 306.

There will also be on campus housing available in Chesapeake Dorm.

Page Resigns

Dr. A Nayland Page, SSC's vice president of academic affairs, has announced his resignation from that position, effective July 1, 1981, in order to return to teaching at the college. Dr. Thomas E. Bellavance, president, announced the change December 11.

Page, who has been associated with the college since 1965, served as acting president for nearly a year prior to the start of Dr. Bellavance's term on July 1, 1980.

"I sincerely regret Dr. Page's leaving the administrative circle," Dr. Bellavance declared. "But, at the same time I'm pleased that such a qualified scholar is returning to the ranks of teaching where he has been so outstanding," the president added.

In his letter of resignation, Page said, "You will recall that when you began your tenure as president last July, we discussed the possibility of my returning to the classroom after having been academic dean for over four years and acting president for almost a year. I indicated to you my willingness to help in the transition as much as possible. It is apparent to me that the transition is coming along smoothly and that you have taken charge of our problems with great vigor. I feel that the time is now appropriate for me to repeat to you that I am ready to return to the classroom.

"I consider myself extremely fortunate to have been able to serve Salisbury State College in the administrative positions which I have held. It has been an opportunity I have enjoyed enormously. But now is the time for me to return to teaching, and I look forward to it with great anticipation."

Dr. Bellavance indicated that Dr. Page announced his resignation so far in advance in order to provide ample time for a national search to find a replacement. Such a search now begins, he added.

The plan may be used for reference purposes and is to be updated annually. Copies of the plan have been placed in Blackwell Library, the President's Office, the Personnel Office, the Office of the Vice President for Academic Affairs, the Affirmative Action Office (room 274), and offices of the department chairmen.

Please send your comments, suggestions and/or corrections to Linda Ross, room 274, Holloway Hall.

ASTEP - II computer program

Over the past four months, David Block (Geography and Regional Planning) and Peter Lade (Sociology and Anthropology) have received advanced training in the use of "ASTEP-II" (Algorithm Simulation Test and Evaluation Program), a user-friendly computer software program designed to process NASA Landsat satellite data for land use and land cover analyses of the earth's surface. The two faculty members attended a one-week workshop in October at NASA's Goddard Space Flight Center which gave them "Lands-on" experience with ASTEP-II; they were invited back for a three-day advanced training course in January.

Along with technical training in computer applications of remote sensing, Goddard's Eastern Regional Remote Sensing Applications Center (ERRSAC) also conducted a series of seminars covering a wide range of interdisciplinary applications and state-of-the-art research. Interpretation of thermal infrared, radar, passive microwave, and multispectral imagery was discussed. Land use and land cover classification theories and techniques, advanced remote sensing statistics, and multi-layered geographic information systems were also addressed.

NASA "technology transfer" encourages the application of remote sensing training to such environmental studies as water quality monitoring, forest inventories, agricultural assessments, land use planning, and geologic mapping. Peter Lade is currently using ASTEP-II for a investigation of archeological sites on the lower Eastern Shore. David Block recently completed a forest inventory of Worcester County as part of a joint demonstration project with NASH and the State Forest Service; a land cover study of Assateague Island is now being planned. Student use of the ASTEP-II computer program for environmental monitoring will be introduced as part of a Department of Geography and Regional Planning special topics course on remote sensing to be held this semester.

For further information on interdisciplinary applications of remote sensing, please contact Dr. Lade or Mr. Block.

Welsh Attends

New York Premiere

Jim Welsh, assistant professor of English, attended the New York Radio City Music Hall premiere on January 23 of Abel Gance's *Napoleon* on assignment from *Films in Review*, the monthly publication of the National Board of Review of Motion Pictures.

This was the first premiere of a classic silent film in New York in over 50 years.

The premiere was produced by Francis Ford Coppola, whose father, Carmine Coppola, composed an original score for the film. The music was played by the 60-piece American Symphony Orchestra, under the baton of Maestro Coppola.

The 6,000-seat auditorium was sold out for the opening weekend; in the first three days approximately 18,000 people saw the film. The *New York Times* called this premiere "the film event of the year."

Welsh reviewed the premiere for the forthcoming March issue of *Films in Review*. Along with Dr. Steven Kramer, formerly of UMES and now a faculty member at the University of New Mexico, Welsh is co-author of the book *Abel Gance* (Boston: Twayne Publishers, 1978), the only book-length study in English of this pioneering French director. Gance's epic *Napoleon* first premiered at the Paris Opera in 1927.

Gospel Singer On Tap

Marion Williams, well-known gospel singer who has been delighting audiences throughout the country, will perform at Holloway Hall Auditorium on February 12 at 8 p.m.

Marion Williams has been performing for audiences in concert, theater, church and colleges for over 30 years and the response in both rural and urban areas has been dynamic.

The oft-chronicled career of Marion Williams started in Miami in 1927 when she was born to a West Indian father. He was a butcher who freelanced music lessons on weekends, and died when Marion was nine. Marion quit school in the 9th grade to go to work, as a maid, a child nurse, in a laundry, to support her mother.

The current phase of her career, as a solo artist began at Yale in 1967, and by 1971 she had already played concerts at Harvard no less than six times! She is the acknowledged star of the Antibes Jazz Festival, where 5,000 Frenchmen rose to their feet in spontaneous ovation; at the Dakar Festival of Negro Arts in Africa, she and Duke Ellington represented the U.S., leading to a remarkable tour of African countries for the State Department; she has starred in a pair of CBS-TV specials taped at her church in Philadelphia, and received the International Television Prize from Monaco's Princess Grace while touring Europe in another Langston Hughes production, "The Prodigal Son."

Marion has questioned frequently on TV's "Soul" program and appeared twice on the Dick Cavett show. Recently she was honored by Yale where she was made an Ellington Fellow; and she returns frequently to Europe for tours of Switzerland, France, Spain and Scandinavia. Her public service TV commercial for school drop-outs, on which she sings "Standing Here Wondering Which Way to Go" propelled her to even more far-reaching stages of popularity. She is a regular at many of the major festivals and appears at American colleges from coast to coast.

Essay Competition Coming Up

Dr. Tony Whall, director of the Honors Program, and Dave Gano, director of the College Center, have announced the joint sponsorship of an essay competition which is designed to encourage students to evaluate the nature and purpose of their education at SSC.

"We are, first of all, a liberal arts institution," Dr. Whall said. "But it is possible, given the emphasis put on job preparation in education today, to lose sight of the larger and deeper goals of liberal learning. We're sponsoring this competition to challenge our students to give serious consideration to those goals."

According to Gano, all full and part-time SSC students are eligible to submit an essay of 2500-3000 words which examines the purpose and value of a liberal arts education in contemporary American culture.

"Our prize is modest but highly appropriate," explained Mr. Gano. "First place winner will receive a \$125 book purchase certificate which can be used to buy books and supplies at the Book Rack. The second prize is a \$75 certificate. But, perhaps equally significant is the effort we're making to get the essays published and read by the campus and local communities. We think the question is a fruitful one and that the responses should be worthy of wide attention." The winners will receive their awards at the college's annual spring Honors Convocation, according to Gano, who added that the essays would be judged by a panel of faculty currently teaching in the honors program.

Deadline for submission of essays is April 17. They should be sent to Dr. Whall in Holloway Hall, room 342.

Winter Term Set For Next Year

The college's six-week winter shutdown, during the latter part of December and the month of January, will be repeated next year, it was announced today by Dr. Bellavance.

Bellavance indicated that the college was pleased with a five-week special Winter Term, as well as the energy conservation realized by the shutdown. Nearly 300 students registered for the Winter Term which ran from December 29 until January 30.

Another benefit of the shutdown according to Bellavance, was the six-week opportunity for professors to undertake research on and off the campus.

Dr. Bellavance indicated that there was a definite saving of energy in fuel. Much colder weather this winter and the addition of new buildings make the comparison between this year and last difficult to make. However, we know that there was a savings of energy, he declared.

The academic calendar for 1981-82 calls for the Winter Term to begin December 28 and end January 29, 1982.

Manuscripts should be sent to: Dr. Tony Whall, Director, College Honors Program, Holloway Hall, Room 342.

Watch Coffee Pots!

WARNING! Coffee pots can be hazardous to your health. Two staff members have suffered serious burns within the past two weeks. Two things you may check for in your department:

1. Is your coffee pot above eye level?
2. Does your coffee pot have a short electrical cord? If so this makes it easy to tilt the pot over when removing the plug from the outlet.

If the above is true in your department please correct it now before you are the victim.

SSC Students Rate Well On Loan Repayments

Data recently compiled by the Office of Admissions indicate that SSC has the lowest default rate on National Direct Student Loans among State Colleges in Maryland. SSC's default rate of 8.06 percent is a full four percentage points better than the institution with the second best rate, Frostburg State College.

"That (8.06 percent default rate) certainly says a lot for the quality and responsibility of the students graduating from here," remarked an obviously pleased and impressed M.P. Minton, SSC's director of admissions.

Minton was further buoyed by the news that his office was running ahead of last year in applications for enrollment in the fall semester, despite the dwindling size of high school graduating classes in the state and nationwide.

Additionally, first time students matriculating at Salisbury State during the spring semester was double that of a year ago. That represents the biggest percentage increase in first time matriculants in the school's history.

Teachers' Council Plans Session

Nearly 200 teachers from throughout the state are expected to attend the Spring Conference of the Maryland Council of Teachers of English-Language Arts at Ocean City's Beach Plaza Hotel on April 10, 11 and 12.

According to Dr. Richard Walker, associate professor of education and president of the council, sessions will run from 9 a.m. to 5 p.m. on Saturday, April 11, and will cover many topics. This year's conference will be the 8th consecutive session.

For more information, interested persons should contact Dr. Walker.

Pocomoke Scholarships Available To Qualifiers

Qualified applicants may receive scholarships from the Pocomoke City Rotary Club. The awards, based on achievement and need, are for four years to a graduate of Pocomoke City High School and this year amounts to \$750.

To qualify for the award, the applicant must write a letter to the Pocomoke City Rotary Club outlining both their achievements and needs. The letter should be mailed in care of William E. Small, P.O. Box 329, Pocomoke City, Md. 21851. The letter must be received no later than May 1.

Moving Day Scheduled On Campus

SSC plans a major reorganization of offices throughout the campus during the summer.

Also on tap will be the completion of a project begun last year to restore the campus buildings' woodwork to their original white, as well as further grooming of the school's landscape signal a bright, fresh look for incoming freshmen in the fall of 1981.

In a step designed to increase the school's utility to both students and the public-at-large, the school's oldest building, Holloway Hall, will be essentially converted into the administration building, an involved changeover already underway.

All administrative offices will be housed in Holloway Hall by the end of the summer, including the Office of Admissions and Financial Aid, currently located in Caruthers Hall. This consolidation is designed to allow greater coordination among administrative offices.

The school's significantly expanded Office of Data Processing will thus have the room needed for its new software in its more spacious confines in Caruthers Hall. It is currently located in the basement of Holloway Hall.

Upon completion of the numerous office changes, a new Centrex telephone service will be installed, a statewide direct-dialing system eliminating the central switchboard system presently in use.

As a result of the numerous office changes, the college recommends callers to request specific individuals or departments by name rather than extension. Until all office changes take place and the Centrex system can then be installed, the college will, in effect, be updating its telephone directory on a weekly basis.

Noticeable cosmetic changes at the college this summer include the exterior painting (white) of Holloway Hall, Caruthers Hall, the Music Building, and Nanticoke, Manokin and Pocomoke dormitories.

With the buildings due to be repainted as part of the school's on-going maintenance program, President Bellavance urged that the structures' trim and pillars be restored to their original color.

With the school's new mall area in the center of the campus coming into bloom in its initial spring, the school is also pleased to announce plans to further beautify and maintain the existing campus landscape. Additional shrubs and sod will be planted during the spring and summer, and low height restraining chain fences frequently used at parks throughout the country will be installed along some of the school's walkways.

Issues Of Day To Be Discussed

A one-day conference on the fundamental principles distinguishing liberalism from conservatism will be held Saturday, April 11 in Caruthers Hall from 9:30 a.m. to 3 p.m.

Sponsors are the Philosophical Society, the Honors Program, the College Center Program Board, the Sociology and Social Work Departments and the History-Political Science Club.

Theatre To Present Habeas Corpus

From Brighton's silk stocking district of Hove comes *Habeas Corpus!*

This delightfully bawdy British farce, is Salisbury State Theatre's next production, set for April 30, May 1, 2, 7, 8 and 9. It is a fast paced blend of drawing room comedy and music hall melodrama.

The audience is encouraged to swirl through a circus of wild and wicked affairs with the lecherous Dr. Wickstead played by Paul Lake who hails from Chestertown. Or it should grope through the cast with Mr. Shanks, the false fitter from Leatherhead, played by Pat Curran from Bowie. Or rediscover some of the more scandalous moments of the London Blitz with Lady Rumpers, played by Patty Endres, a native Salisburian. The audience can even

skate through Evensong with Canon Throbbing, the thrusting young vicar played by John Glassman of Aberdeen.

Other characters include Dr. Wickstead's matronly but sex-starved wife, Muriel, played by Amy E. Butler of Baltimore; Mrs. Swabb, the Wickstead's nosy maid, played by Bowen Bennett of Miami; Constance Wickstead, the doctor's flat-chested spinster sister, played by Carol Loessin of Wilmington; the love interests Felicity (Diane Synder of Largo) and Dennis (Tom Campbell of Parsonsburg) the hypochondriac doctor's son; and Mr. Purdue, the persistent but unsuccessful suicide.

The production is set for Caruthers Hall auditorium. Tickets may be reserved beginning April 24 from 4-7 p.m., ext. 498.

reminds all faculty that the posting
of grades of any kind at any time is
expressly forbidden by action of the

mandatory that information of this
sort not be made public in any way.

If students desire to learn their
final exam grades and/or the grade in
the course, they may leave a post
card or self-addressed stamped
envelope with the professor in order
that the requested information may
be sent directly and confidentially to
the student.

So, please, no grade lists posted

Sociology & Anthropology News

Summer Archaeological Field School

The Department of Sociology and
Anthropology announces the
introduction of a new course in
archaeological field techniques that
will be taught during the second
summer session this year. During the
course SSC students will excavate a
colonial plantation just outside
Salisbury.

The site, once the home of the
wealthy and influential Handy family,
offers a great deal of scope for the
study of plantation life in the 17th
and 18th centuries. This course,
taught by Dr. Thomas Davidson, of
the college's Archaeological
Research Center, can be taken for
either undergraduate or graduate
credit.

Delaware Appointment

Sociology and Anthropology, has
been appointed for a three-year term
to the Delaware State Review Board
for Historic Preservation. As one of
ten members of the board, Dr. Lade
will be responsible for reviewing state
funded projects and grants in historic

Center, Dr. Lade and Dr. M. Robert
